

How to save Free Goodies to your device:

1. Click on any icon on the Free Goodies page and a bigger size will appear...
 - a. If you're on a computer, right-click the image and select "save as" *or* at the top left of your screen, click "File" then "save as"
 - b. If you're on your iPhone or iPad, click the share button {looks like a small square with an arrow exiting the top} then choose "save image"
 - c. If you're on another mobile device, it's more challenging so it would be best to use your computer
2. Once saved, the image is on your device so you can upload and share it just like you would a photo of your own
