Why
WE DO THIS!

The two of us are so grateful to have published over forty books, launched podcasts with over 1.6 million downloads, and spoken to audiences all over the globe of up to eight thousand people.

But we also know what it's like to get rejection letters, battle discouragement, feel overwhelmed in our work, and wonder if we're the only one who's struggling. We've learned a lot the hard way—and we don't want you to have to do the same. We want to come alongside to help birth your dream. We'll share our best practices, our worst mistakes, and so much more with you. It took us over forty years of combined experience to know what we do now, and we can't wait to help you take your next step!
